# 3.3 Completion of access request

#### Completion of the access request

The request will be processed as quickly as possible. Please note that this may take several business days depending on the application.

If the request has not been processed within a reasonable time, please contact your helpdesk.

In order to use the FED login **without a smartcard**, you have to define a password once and set up the login. Afterwards, the login with e-mail and password can be performed at any time.
